SENIOR SCHOLARSHIP NEWSLETTER

(5th Edition 2009-10)

Attn. Seniors! **This is the FINAL newsletter, you will read about many scholarship opportunities that are specifically for ESASD and local graduating seniors. So, you will want to pay extra special attention to this FINAL publication.** Remember, you also will be able to access the scholarship newsletter on-line at www.esasd.net. The link for each newsletter will appear on the district's homepage under "Informational Links".

After reading this bulletin, you can apply for all scholarships in which you are eligible. At the top of each newsletter, you will be instructed exactly how you can obtain an application for each specific scholarship. The different ways in which you may need to pursue an application are as follows:

1) stopping-by the Guidance Office to receive a paper application;
2) visiting the scholarship provider's website to either download an application or to submit it electronically;
3) clicking on the link provided to download and to print the application; or
4) calling the phone number provided by the scholarship provider

Please be sure to follow all the instructions on the scholarship applications carefully. The Guidance Staff is not responsible for applications which are invalidated due to missing or incomplete information. ***It is also important to adhere to the deadlines listed on the scholarship newsletter not the deadlines listed on the scholarship applications. Failing to adhere to a deadline on the scholarship newsletter may result in your application not receiving consideration. Directions for where students must return completed applications for each scholarship are clearly stated in the newsletter.***

The guidance staff strongly recommends that students use these newsletters as only one source in their search for financial aid. Students should still be contacting colleges regarding scholarship and grant opportunities, as well as applying for state and federal grants and becoming eligible for student loans through completing the Free Application for Federal Student Aid (FAFSA) after January 1, 2010. Students can also conduct their own independent scholarship search by searching scholarship websites on the internet. Two sites in which students can search for additional scholarships are www.educationplanner.com and www.collegeboard.com.

Good luck in your pursuit of dollars for college!

Scholarship Newsletter
